

Dear Parents \ Carers

Hello everyone I'm Lisa French and I will soon be starting as your pre-schools new manager. Here's a little a bit about me; I live with my 17 year old son Beau in a village near Diss. I have worked in childcare for about 27 years now and have had roles as a Primary school learning support assistant and as a Deputy Manager for a small pre-school. I currently hold a level 4 certificate in early years and am about to start my level 5 foundation degree which will eventually lead on to gaining my Level 6 Early Years Professional Status. I have many interests, when I have the time to fit them in I often cook for friends and enjoy crafts and making things, I love reading and when I am not studying I enjoy socializing with friends. As you can imagine a 17 year old son and his vast amount of friends tend to take up my time, when I am not ferrying them all around I am clearing up after them and listening to their moans and groans of the trials and tribulations of how hard it is to be 17! So that is a bit about me.

I have now met your wonderful pre-school team and some of your committee already and am really looking forward to getting to meet and know all of you and your children soon. The coming Autumn and Winter terms are always my favourites as the children enjoy the build-up to so many exciting celebrations such as Harvest time, Divali, Bonfire night, Halloween and of course Christmas time which is my favourite of favourites! I have many years of valuable experience that I am looking forward to sharing with you and I am really pleased to be part of Stanton Pre-school.

*Lisa French*
