Stanton Pre-School was founded as a playgroup in 1970, when it was then known as Stanton Parents and Under Fives. Over the years it has evolved into a thriving centre for Early Years education for children from their second birthday up to the term before they turn five years old.

OUR MISSION STATEMENT:

“To provide high quality childcare and education in an environment that is safe and stimulating, where children learn about the world by playing, exploring and building on experiences and develop lifelong skills through play and discovery”.

Our home is in the old Blackbourne School in the centre of the village of Stanton and is perfectly situated to cater for the children of Stanton and the surrounding villages. Our setting comprises of a large main room with a connecting kitchen and private office.

We also have an all-natural outdoor play area where the children are able to dig, build, climb and learn while interacting with nature. There is a planting area where the children produce vegetables in their own little cottage allotment and well stocked resource sheds for mark making and number work. We have an amazing mud kitchen where the children create weird and wonderful potions and mud stews as well as a bug hotel to learn all about bugs and creepy crawlies. For those quiet moments we have a sensory area which also provides some wonderful imaginary small world and fantasy play.

How Our Children Learn

Every child deserves the best possible start in life and the support to enable them to fulfil their potential. Children develop quickly in the early years and a child's experiences between birth and age five have a major impact on their future life chances. A secure, safe and happy childhood is important in its own right. Good parenting and high-quality early learning together provide the foundations children need to make the most of their abilities and talents as they grow.

Stanton Pre-School is Ofsted registered and our dedicated Early Years Educators follow the guiding principles of the Early Years Foundation Stage (EYFS) and the Five Outcomes for all young children.

The Four Overarching Principles of the EYFS:

1. Every child is a **Unique Child** who is constantly learning and can be resilient, capable, confident and self-assured.
2. Children learn to be strong and independent through **Positive Relationships**
3. Children learn and develop well in **Enabling Environments** in which their experiences respond to their individual needs and there is a strong partnership between Early Years Educators and parents/carers
4. Children **Learn and develop** in different ways and at different rates.

The Five Outcomes for The EYFS:

The five outcomes are universal ambitions for every child and young person, whatever their background or circumstances.

1. Be Healthy
2. Stay Safe
3. Enjoy and Achieve
4. Make a Positive Contribution
5. Achieve Economic Wellbeing

There are seven areas of learning and development that help shape educational programmes in early year's settings. All areas of learning and development are important and inter-connected. Three areas of learning are particularly crucial for igniting children's curiosity and enthusiasm for learning and for building their capacity to learn, form relationships, make sense and respect the world they live in, and to thrive.

These three Prime areas are:

-  Communication and Language
-  Physical Development
-  Personal, Social and Emotional Development

We also support children's learning and development in four Specific Areas, through which the three prime areas are strengthened and applied. The Specific Areas are:

-  Literacy
-  Mathematics
-  Understanding the World
-  Expressive Arts and Design

By supporting a child's development in all of these areas, we can equip them with the confidence they need to be school ready. Further information on the seven areas of learning, principles and outcomes for children can be seen on

<http://www.foundationyears.org.uk/early-years-foundation-stage-2014>

Parent Partnerships

We work closely with parents and carers to ensure the welfare, learning and all-round development of children with differing backgrounds and levels of ability, including those with Special Educational Needs and Disabilities. All children are welcomed by their own Key Person, who will nurture the development of your child. They will compile a record of the child's key milestones, achievements and experiences throughout their time at Stanton Pre-School.

They will do this by way of Learning Journal this is an interactive journal for parents/carers and Key Persons to support the child's needs and interests through careful and well thought out planning and partnerships.

We find the close links with all the local primary schools, and organised sessions where the pre-school children can meet their new teachers from the receiving schools support the children's transition in to school. The schools that we link with are:

The village of Stanton also benefits from an excellent Sure Start Children's Centre, offering various activities and much needed services for parents and children from Birth to Five years old.

For more information on the services they provide please contact them on 01359 254282 or Suffolk Families Information Service on 0845 6080033 or email bluebells@suffolk.gov.uk or <http://www.suffolk.gov.uk/childrenscentres>

We actively encourage parents/carers to come and see what we do for themselves. If you would like to pay us a visit, please contact us on 01359 251909. Stanton Pre-School is supported by a committee of volunteers, most of whom have children that attend the setting. If you would like to join the committee or require more information about how the pre-school is run please feel free to contact us

Session Information and Session Fees

The setting operates every weekday, during term time and we have a number of sessions available.

For non-funded children or children that exceed their government funded childcare we will invoice you on a monthly basis around the middle of each month. We ask that all fees are paid in full by the following month to avoid accruing late payment fees (charged at £5.00 per month) if you have difficulty in paying your fees please speak to the manager. (for further information please read our fees and admissions policies attached) Please note that the **minimum** a child can attend in a week is two sessions of more than 3 hours per session (there is no maximum)

Early morning starts	8 – 12	8 – 1	8 – 3	8 – 4		
	9 – 12	9 – 1	9 – 3	9 – 4		
Afternoon sessions			12 – 3	12 – 4		
				1 – 4		
Fees						
For all 1 ½ - 2yrs	£8.00ph	Limited spaces available

It isn't only a pre school and a place of fun and learning for your children, it's a family, a community and a support system. The most wonderful pre-school me and my children could have asked for. I would give more than a 5 if I could! Love love love*

My daughter started Stanton preschool when she was two and has just had her graduation to go to primary school! I would highly recommend this preschool to parents, the friendly staff that work here treat the children as they're own! Thank you for everything you have done with my Annie you all helped nurture her into the lovely (sometimes clumsy!) she is today! X

My son absolutely loves coming to Pre-school. All weekend he asks "can I go to pre-school today?" and doesn't like it when I say "it's your day off". All the staff are fantastic! Lisa has such a great supportive team. The amount of effort that goes into the children and their environment is extremely important to Lisa and her team.

Stanton pre school cannot be faulted.

The staff are unbelievably wonderful.

You can see from the smiles on each and every child's face just how much they feel safe, secure and are having fun.

I feel so fortunate that my Son has been able to attend for the last 18 months and I'm genuinely sad that he is going to big school in September!

Shay's Mummy (review left on our Facebook page)

I love this pre-school it's more like a family member than a school the staff are all so friendly and caring can't beat it it's the best a round x

Cannot speak highly enough of Stanton pre-school. Emily has been here for 2 1/2 years and I cannot thank them enough for the attention and love they have given her and all of the children at the school. A fabulous and family feel to the pre-school

The staff are amazing here. My son attended this pre school at the age of 3 and he absolutely loved going... Now my 2 year old daughter goes and she too loves it. She comes home telling me about her day with a massive smile and she cannot wait to go back the next day...

Jasmine's Mummy (review left on our Facebook page)

Lovely staff and lovely surroundings 📍. My 2 eldest went and now my son and he absolutely loves it !!

Tyler's Mummy

This is the best pre school there is in my opinion...my granddaughter has been going here since she turned 2, we were going through a difficult time with personal circumstances and Lisa provided a bolt hole and an ear to listen. Lisa was also very helpful in her advice which helped get the situation sorted... As a family we are very sad millys time with them is coming to an end as her new adventure at school starts in September, her last day will be a very upsetting day xx

Stanton is like an extended family, how they bond with the kids is amazing and special. I noticed some of the quiet and shy kids at toddlers flourish once they started at preschool, and sure enough it was the same with my grandson, he was already confident but he began to learn so much, their methods are perfect, play and learn. Sadly the virus means they have to almost start again, but I know if there are any issues Lisa and her brilliant team will find a way to settle them. Don't hesitate to send your littlies there if you get the chance.

Such an amazing preschool, the staff are all so friendly and helpful and they hey get to know each of the children on there own level. My eldest has enjoyed all of the time he has spent there and even through lockdown the support we received was outstanding. Already have my next two on the waiting list to start !

Preschool had become my son Jack's extended family, he had trouble settling in to start with having never left me other than staying at nanny's but all the staff have helped comfort, calm and empower him to find his feet and enjoy his time away from us. He goes in excited to see his friends, paint, play outside and take nature walks. He hasn't been due to the virus but that hasn't made him seperate from preschool, from the activities the staff have put up to help us entertain them to the videos to keep in touch, preschool is very much still part of his day. He can't wait to go back and have lunch with his friends and play and paint.

We thought it would be best to visit different preschools to be able to decide which one was the best for my son. Stanton preschool was the first one on our list....we never looked anywhere else after. When we viewed the preschool we loved it straight away, all the children were smiling and welcoming, the staff were brilliant with my son, who was a little apprehensive in such a new environment. He even sat himself down and joined in at snack time!!!

Great thought and attention has been given to the environment. The furniture has deliberately been kept at a certain height, the art work, colours, educational toys and posters around make it so welcoming and happy.

Most important of all, the staff and manager, make the preschool feel like an extended family. They are amazing with the children, always smiling and there for advice/reassurance, help when needed.

During lock down they went above and beyond and made it as much fun for the children and parents as they could. I've learnt a lot from them and am so pleased we found them for our children to start their school journey with.

My daughter who is now 7 and son who is 4 both absolutely loved going to the Preschool. The care and attention they were given was amazing and got them ready for school. I am now fortunate enough to be part of the team myself and work alongside my lovely colleagues and our fabulous manager Lisa.

A very sad day today, the day my son leaves Stanton Pre School. He has loved his time here and has grown from my cheeky 2 year old into a confident, clever, kind, inquisitive 4 year old he is today. The care from everyone that works here is like they are caring for their own children and attention to detail is second to none, a real personal touch. Can't thank everyone enough and only wish he could stay longer.
